Max payout	(for times bet observed in 500 mln. spins):
Bonus Game:	1817
Ultra Bonus Game:	4112

GAME FEATURES

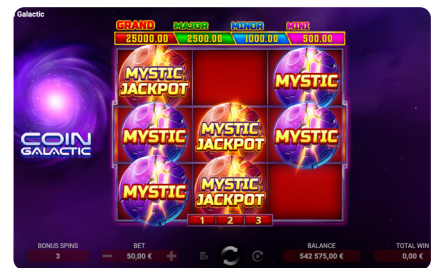

BONUS COIN SYMBOL

The Bonus Coin symbol can appear on the reels during the main, Bonus and Ultra Bonus games. Each Bonus symbol holds random values: x1, x2, x3, or x4 the bet. Bonus symbol winnings are exclusively awarded during the Bonus or Ultra Bonus games.

HEAVY COIN SYMBOL

The Heavy Coin symbol, appearing in the main game, stays on the reels until the Bonus game or Ultra Bonus game starts. Altering the bet removes this symbol from the reels. The Heavy Coin symbol carries random values: x5, x6, x7, x8, or x9 the bet.

MYSTIC SYMBOL

After the Bonus or Ultra Bonus games, the Mystic symbol transforms into any other symbol except the Heavy Coin. The Mystic Jackpot symbol is guaranteed to contain one of 3 jackpots: Mini, Minor, or Major.

BLACK HOLE SYMBOL

The Black Hole symbol can appear in the main, Bonus, and Ultra Bonus games. Unlike other symbols, it doesn't hold any value. In the main game, it acts as one of the activators for the Bonus game. When the Black Hole symbol lands, it gathers all the values and jackpots from the Bonus symbols that previously appeared during the Bonus or Ultra Bonus games.

GALACTIC GAP

The Galactic Gap can be triggered randomly during the Bonus or Ultra Bonus games. It shoots 1-9 fire comets into random cells when activated, leaving an x2 multiplier on each.

If the Galactic Gap lands on a cell with an existing multiplier, it increases that cell's multiplier by 1 with each occurrence.

BONUS GAME

All Bonus symbols that contribute to activating the Bonus or Ultra Bonus games stay in their place until the game ends. Both begin with 3 spins, and whenever a new Bonus symbol appears, the spin count resets to 3. Any Bonus symbols landing after each spin remain on the reels until the Bonus game concludes.

ULTRA BONUS GAME

The Ultra Bonus game can be triggered randomly during any main game round. Prior to its start, 3 or more random symbols are placed on cells, filling the central line. Galactic Gap is always activated at the beginning of the Ultra Bonus Game and is triggered more often.

JACKPOTS

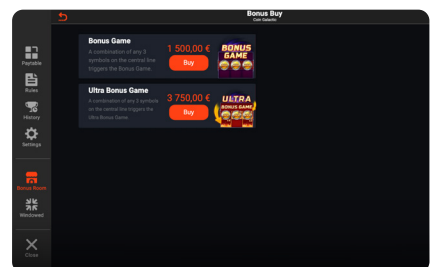

In the game, there are 4 fixed Jackpots that can only be won during the Bonus game:

The GRAND jackpot awards 500x the bet.

The MAJOR jackpot awards 50x the bet.

The MINOR jackpot awards 20x the bet.

The MINI jackpot awards 10x the bet.

BONUS BUY

The Bonus Buy feature enables players to directly access the Bonus or Ultra Bonus games by purchasing it.
