

COLLAPSED CASTLE

Collapsed Castle — a 3-4-4-4-3 video slot with 18 paylines — is here to surprise players with genuine magic! The game's drop mechanic has a supernatural capacity for creating winning combinations: they explode with new symbols dropping right into their places!

A Wild symbol appearing anywhere on the reels turns from an ominous sign into a lucky one, substituting almost all symbols. A Scatter symbol represented by a mysterious lady increases players' chances of triggering Free Spins, while the Magician symbol showcases a wizard's trick, boosting a win multiplier up to +100!

No magic spells are needed to bring you your good luck — simply find it in Collapsed Castle!
