ELF COIN HUNT

Somewhere north of everywhere, where the snow never melts and the lights never dim, three elves run the busiest period of the year. Land a Red, Purple, or Green Bonus and one of the pixies jumps into action: Red opens up a second reel to fill, Purple sends in a Collector to sweep up everything in sight, and Green hands out extra spins to keep the count going. Get all 3 at once, and the whole workshop joins the hunt. Gather every gold coin on the board before the countdown ends, and the Grand jackpot is yours.

The bells are ringing, the elves are counting, and the year's about to turn. Step in and claim your share!

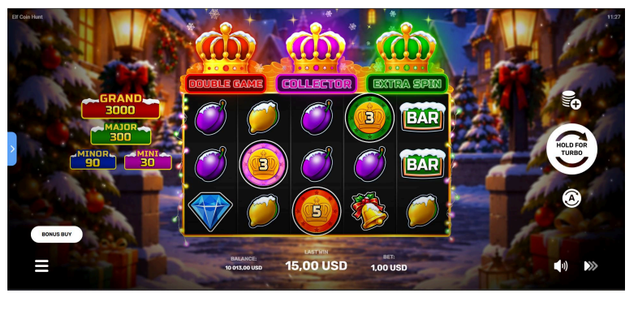

Game Features

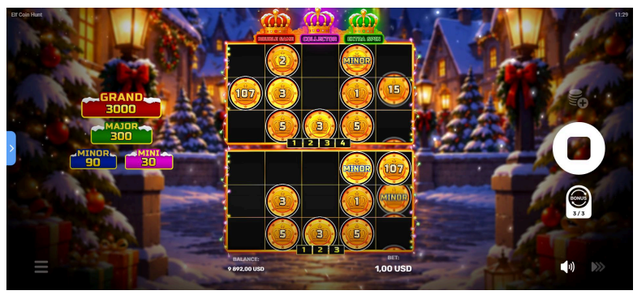

WILD SYMBOL
Wild substitutes for all regular symbols in the winning combinations except Bonus symbols. It appears only on the 2-5 reels in the main game.

BONUS SYMBOL
There are 4 types of Bonus symbols in the game: Red, Purple, Green, and Gold. All Bonus Symbols can contain random money values or MINI, MINOR, or MAJOR jackpots. In the main game, any Purple, Red, or Green Bonus that lands on the reels can trigger the Bonus game with the respective booster or even up to three boosters!

DOUBLE REELS
The Red Bonus symbol is linked to the Red Crown and activates the Double Reel booster, which adds a game field at the start of the Bonus game. Both fields spin independently during the feature, and at the end, the game combines prizes from both fields into the total win.

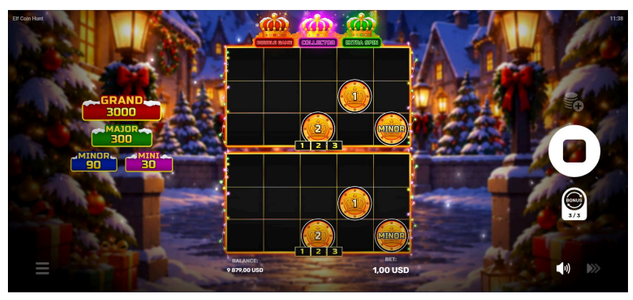

COLLECTOR
The Purple Bonus symbol is linked to the Purple Crown and activates an additional Collector symbol that can be added to a random empty position on the game field. It collects the values and jackpots from all Bonus symbols on the same game field and, right after, transforms into a regular Bonus symbol.

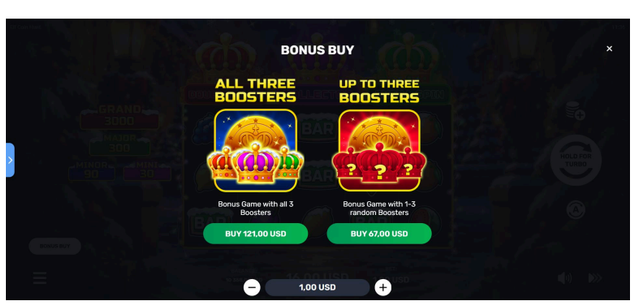

EXTRA SPIN
The Green Bonus symbol is linked to the Green Crown and activates the Extra Spin booster, which increases the number of spins in the Bonus game to 4.

BONUS GAME
The Bonus game can be triggered with one, two, or all three boosters simultaneously. During the Bonus game, only Gold Bonus symbols and the Collector can appear on the reels. Collect all 15 Gold Bonus symbols to win the Grand jackpot – or even two, if the Double game booster is active.

BONUS BUY
The Bonus Buy feature allows you to purchase and immediately trigger the Bonus game with one, two, or all three boosters.
