

FOOD FEAST

In the Food Feast video slot, Evoplay has prepared a real speed-eating contest with players' favorite food - burgers, hot dogs, sushi, shawarma, drinks and hot peppers - which explode and award players with winning combinations.

Outside of the reels, each character has a food preference. For example, Silent Fred haunts burgers, Larry Thompson loves shawarma, Jack Chu is excited about hot dogs, while Megan Smith prefers sushi.

When the right symbols hit their Appetite Zones, the characters consume their favourite food and charge a Yummy bonus. In the Free Spins mode, the characters will eat hot peppers and spew flames, transforming symbols into Hot Wilds.

Such an adventure will be alluring not only for connoisseurs of delicious food but also for those who like big wins, since the maximum prize in the game is x1020 the original bet!
