

FOREST DREAMS

The night forest is a place where secrets are hidden around every corner.

Inspired by the works of Hayao Miyazaki and time-honoured Japanese mythology, Evoplay Entertainment has created not just a slot, but an adventure into the deepest recesses of the night forest.

It will tell you about the Wild symbols in the form of Kodamas that could awaken the Spirit of the Forest from a deep slumber, tanuki, kitsune, kappa, tengu, and the magic of nature. Dare to play Forest Dreams and uncover the veil of secrecy tucked away in the night forest.

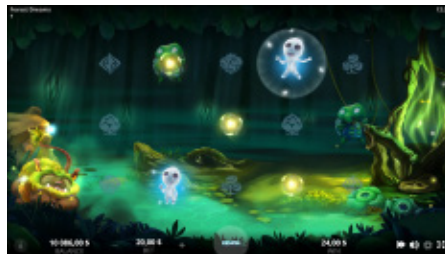

Game Features

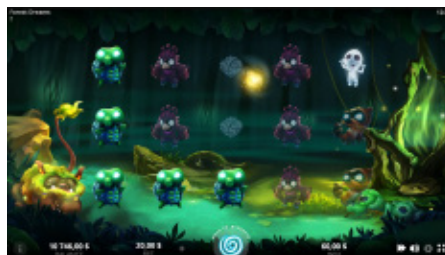

NIGHT RESPINS

The winning combinations with Wild symbols trigger Respin and the appearance of 5 yellow spheres. Wild symbols fly to the positions marked by spheres and collect their energy to awaken the Spirit of the Forest.

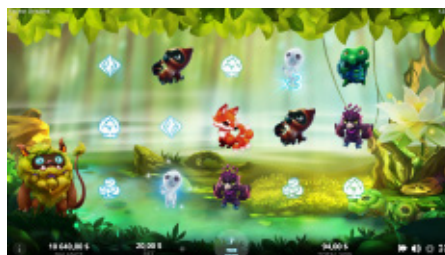

PEEKABOO

If there is the Wild symbol on the reels in the winning round that is not a part of a winning combination, it can go to reserve. The hidden Wild symbol will return to the reels in a round or Respin without winnings.

FREE SPINS

The energy of 4 or 5 yellow spheres, collected during Respins, will awaken Spirit of the Forest that activates 8 or 12 Free Spins where will appear Wild symbols with multipliers x2, x3 and x5.
