## Game Features

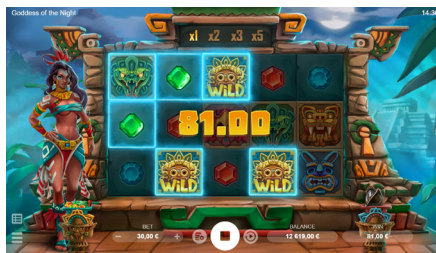

### DROPS AND MULTIPLIERS

Whenever a winning combination appears, all the symbols involved in the win explode, and new symbols cascade into the vacant positions. The feature creates even more opportunities for players to hit additional winning combinations in a single round. All wins in this game are amplified by the active multiplier, which is displayed above the reels. During the main game, players can enjoy multipliers of x1, x2, x3, and x5.

### WILD SYMBOL

The Wild symbol is capable of substituting for all symbols in a winning combination, with the exception of the Scatter symbol. It can only appear on the 2nd, 3rd, and 4th reels.

### SCATTER SYMBOL

When 3 Scatter symbols appear anywhere on the reels, they trigger the Free Spins feature. Please note that Scatter symbols are only able to appear on the 1st, 3rd, and 5th reels.

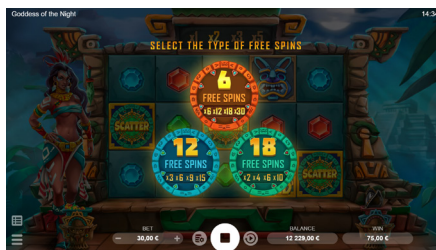

### 3 TYPES OF FREE SPINS

Players have the option to choose from 3 distinct types of Free Spins:

- 18 Free Spins with multipliers of x2, x4, x6, and x10.
- 12 Free Spins with multipliers of x3, x6, x9, and x15.
- 6 Free Spins with multipliers of x6, x12, x18, and x30.

If 3 Scatters land during any of the Free Spins rounds, the feature will re-trigger, offering players yet another chance to boost their winnings.
