Game Features

WILD SYMBOL

The Wild symbol substitutes for all regular symbols to help complete winning combinations. It cannot replace the Free Spins symbol.

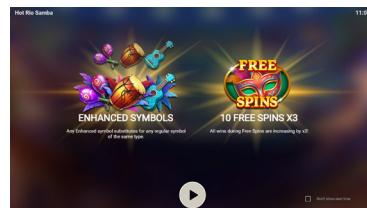

EMPTY SYMBOLS

After each spin, five symbols land on every reel, with two or three of them being Empty. These symbols do not award any payouts. Only regular symbols that align on active paylines are counted when forming winning combinations, including when evaluating Free Spins symbols.

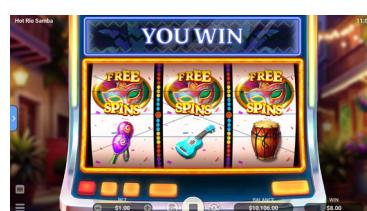

ENHANCED SYMBOLS

Enhanced Symbols act as upgraded versions of their corresponding regular symbols. In a winning combination, an Enhanced Symbol automatically replaces its regular counterpart. Enhanced Symbols can substitute for their matching regular versions, but regular symbols cannot substitute for Enhanced Symbols.

FREE SPINS SYMBOL

Landing three Free Spins symbols on a payline activates the Free Spins mode. Only Free Spins symbols that appear directly on winning lines are counted. Triggering the feature awards a guaranteed payout equal to seven times the total bet of the activating spin.

FREE SPINS MODE

Free Spins mode consists of 10 bonus rounds. All winnings during this feature are automatically multiplied by x3. Free Spins are played with the same bet amount that triggered the feature.
