Game Features

WILD SYMBOL

The Wild can appear on any reel and substitutes for all symbols except for Scatters and Coins. It's sticky for 1 to 3 spins.

STICKY WILD

The Sticky Wild substitutes for all symbols except Scatter and Coins and can land on any reel, often appearing stacked. Each Sticky Wild comes with its counter (1–3) to determine how many re-spins it stays locked in place. Multiple Sticky Wilds can appear and act independently, adding extra winning potential during re-spins.

SCATTER SYMBOL

It appears only on reels 1, 3, and 5. A Scatter combination pays regardless of its position and does not need to follow paylines.

COIN SYMBOL

Coins appear on all reels. The Base Game has two types of Coin symbols – Locked and Unlocked. During the Base Game, all Unlocked Coins act as Instant Win, immediately rewarding you with their value. All Coins have a Multiplier value between x1 and x20 of your total bet.

BONUS GAME

3x or more Coin symbols landed on the same row trigger the "King's Coins" Bonus. The Bonus Game always starts with 3 spins, and each time a new Coin symbol lands, the spins count resets back to 3. When it ends, the sums from all Coin symbols will be added to the total win. The Bonus Game is played with the same bet as the spin that triggered it.
