

## LUCKY CRUMBLING

---

Lucky Crumbling is a multiplayer game designed in the stock style, where you need to try to predict when the stock graph will crash in exchange for the highest winnings. To do this, you need to carefully monitor what is happening on the gameplay screen and be brave to take advantage of the moment.

Place one or even two bets and collect huge winnings! In the Lucky Crumbling game, there are several opportunities for you to win big!

# LUCKY CRUMBLING

## Game Features

### TWO BETS

You can place two bets on the same round and can place them together. The amount of bets can be different, and the Cash Out feature can be used at different times.

### TOP 100 LIST

You can compete against each other in a bid to score the best result, which could see you get listed among the best 100 players or even lead this list.

### UNIQUE FORMULA

The unique formula is valid for playing with low risks (early cash out) and those who like to take big risks. The maximum multiplier is x1000. The multiplier grows from 1, but there can be also instant crashes at 0.
