

MEGA GREATEST CATCH BLUE MARLIN

Dive into the adventure with Mega Greatest Catch: Blue Marlin!

The brave fisherman Harry goes to sea again to hunt for the legendary Blue Marlin. Real treasures are waiting for you under the turquoise waves! Don't miss the moment when random Scatters open the way to Free Spins, random Wilds appear from the depths, and the Scatter Respin feature gives you a second chance to win. And when the Super Bonus Game is activated, you're transported to the most generous waters, where the Blue Marlin is more frequent and the rewards are truly epic.

Raise your sails, cast your rod, and try to catch the ultimate ocean trophy – the invincible Blue Marlin!

Game Features

SUPER FREE SPINS

The Bonus Buy feature allows you to purchase and immediately trigger Free Spins with an increasing Wild multiplier. Randomly, 3, 4, or 5 Bonus symbols can land, awarding 10, 15, or 20 Free Spins.

- Free Spins = x68 total bet;
 - Super Free Spins = x76 total bet.
- During the Super Free Spins, the rare x2000 Fish symbol shows up more often – giving you a chance to reel in truly massive wins.

RANDOM BONUS

The Random Bonus feature is triggered randomly during the main game. Whenever 2, 3, or 4 Bonus symbols hit, there is a chance for an additional one to appear on the screen and trigger Free Spins.

- 3 Bonus = 10 Free Spins;
- 4 Bonus = 15 Free Spins;
- 5 Bonus = 20 Free Spins.

RESPIN BONUS

Respin Bonus is triggered when 2 Bonus symbols land on the reels. The reels with the Bonus symbol nudge down to one position, while the other reels without the Bonus symbol spin, giving an additional chance to trigger Free Spins.

PROGRESSIVE FREE SPINS WITH FISHING FEATURE

When Wild and Fish symbols are present, every Wild symbol catches all Fish symbols on the reels. All Fish's values are collected and added to any other regular winning round combinations.

Every 4th Wild symbol that lands on the reels awards 10 extra Free Spins and increases the Fishing feature multiplier:

- x2 after the first 4 Wilds;
- x3 after the next 4 Wilds;
- x10 after the final 4 Wilds.

DYNAMITE FEATURE AND RANDOM WILD

The Dynamite feature is triggered after a losing spin when there is at least one Wild symbol and no Fish symbols on the reels: 3-6 regular symbols are replaced with Fish symbols. When at least one Fish symbol appears on the reels but no Wilds are present, there's a chance that a non-winning symbol will turn into a Wild – giving you another shot at landing a win!
