

MORE OR LESS

More or Less is a game where a player can boost a bet by guessing the difference between two numbers. Inspired by steampunk genre, the game has crispy design and flawless graphics.

The interface has 2 reels. The right one has a certain number. Your task is to guess if the secret number is more, less or equal to a known number. Also player may predict if the next number is odd or even. Such a simple gamble may multiply your initial bet up to x96! Click on History button to check details of previous rounds.
