

PIRATE COINS: 3 CHESTS

In a place off the coast, past the skull rock and beyond the reach of honest sailors, a pirate ship sits heavy in the water – weighed down by everything it's found. The captain and his crew have been at it for years. The compass always points somewhere worth going, the treasure map never lies, and the spyglass picks out gold where others see nothing. Three chests sit above the reels (Extra Row, Random Multi, Random Coins), each one a different kind of fortune, waiting for the right combination to crack it open.

Land the Coin and Jolly Coin symbols together, and the real hunt begins. There are four jackpots: Mini, Mega, Super, and Grand. The last one pays out 1000x the bet. And Bonus Buy puts you straight into the feature: one booster, two, or all three boosters at once.

The map is in your hands. Time to find out what's hiding!

Game Features

WILD SYMBOL

The Wild symbol substitutes for all regular symbols in winning combinations, except Coin and Jolly Coin symbols.

COIN AND JOLLY COIN SYMBOLS

Coin symbols can land only on reels 1 and 3. Each Coin symbol contains a random value from 1x to 10x the bet, or a fixed jackpot. The Jolly Coin symbol can land only on reel 2. In the main game, a combination of a Jolly Coin symbol on reel 2 and Coin symbols on reels 1 and 3 triggers the Bonus Game.

Purple, Red, and Green Coin and Jolly Coin symbols can land in the main game. Each colored Coin or Jolly Coin symbol is associated with a specific Bonus Game booster:

- Purple Coin or Jolly Coin – Random Coins
 - Red Coin or Jolly Coin – Random Multi
 - Green Coin or Jolly Coin – Extra Row
- Each booster is activated if a Coin or Jolly Coin symbol of the corresponding color is part of the combination that triggers the Bonus Game.

RANDOM COINS

When this booster is active, 2 to 4 Coin or Jolly Coin symbols may be added to random positions during any bonus spin.

RANDOM MULTI

When this booster is active, multipliers from x1 to x5 may increase the values of Coin symbols that land on the corresponding reel.

EXTRA ROW

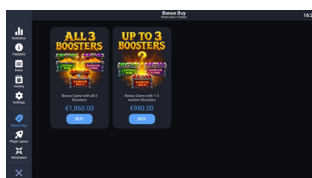

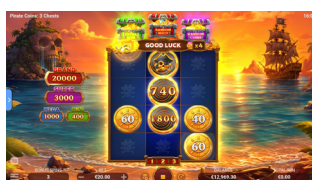

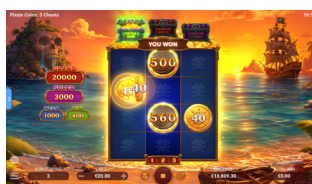

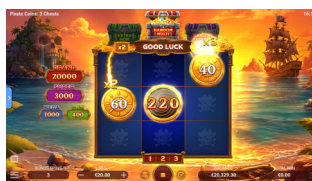

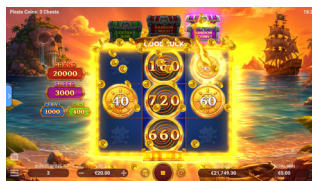

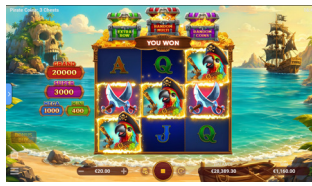

When this booster is active, an additional row is added to the game field, expanding the Bonus Game grid to 3x4.

BONUS GAME WITH 3 BOOSTERS

The Bonus Game can be triggered with one, two, or all three boosters active simultaneously. Only Gold Coin and Jolly Coin symbols can land on the reels. All Jolly Coin symbols remain in their positions until the Bonus Game ends. Each Jolly Coin collects the values from all Coin symbols on the reels. After their values are collected, the Coin symbols disappear. The Bonus Game ends once all bonus spins have been played.

BONUS BUY

The Bonus Buy feature allows the player to purchase and instantly trigger the Bonus Game with one, two, or all three boosters active.
