## Game Features

### WILD SYMBOL

The Wild symbol substitutes for all other symbols in winning combinations, significantly increasing your chances of landing big wins.

### ROCKS AND DROPS

At the start of every spin, 3 to 15 blank rock symbols appear on the reels. Rocks are non-paying symbols that take up space on the reels, reducing the number of ways to win. If they are adjacent to a winning combination, they are destroyed, freeing up space and improving your chances of winning.

### FREE SPINS

Clear all rocks in the base game to unlock 8 Free Spins, where special rocks add exciting rewards.

### WIN MULTIPLIERS AND EXTRA SPINS

Silver Nuggets increase the progressive win multiplier, starting at x1 and growing with each nugget collected, while Gold Nuggets award +1 extra spin to extend your gameplay.

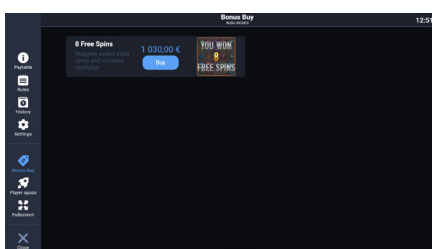

### BONUS CHANCE

Activate the Bonus Chance feature to double your chances of triggering Free Spins. A 1.80x multiplier increases your bet when enabled, and more Bonus symbols appear on the reels.

### BONUS BUY

The Bonus Buy feature offers direct access to the Free Spins round, bypassing the need to trigger it through standard gameplay.
