

SHADOW OF LUXOR

The ancient city of Luxor stands on the east bank of the Nile. In times of the Pharaohs, the city was famous for its treasures. Although only a shadow remains of the former greatness, it still impresses all its discoverers with the riches, set in our new game, Shadow of Luxor.

This is the first classic slot from Evoplay that is inspired by ancient Egypt. The game features 3 reels, blank symbols, Wilds symbols and Scatter wins. The true potential of the slot is revealed during Free Spins, where you can win over 3000x your bet!

Everyone who embarks on the Shadow of Luxor journey will be impressed by the wonderful combination of stone, neon and gold and of course the worth of a Pharaoh!
