

SKY SENTINELS

Will you let the heavens decide your fate?

Welcome to Sky Sentinels! Here, every spin is more than a game; it's a choice. Will you choose the radiance of the ancient Sun, where winnings move from right to left, or the mysterious power of the Moon, which guides them from left to right? The Egyptian sky is full of mystery energy, and your decision determines the power you get while playing. Symbols of ancient guardians, sacred artefacts, and shiny coins fill the game, each spin filled with incredible supernatural power.

Sun or Moon, day or night – the Guardians are watching. Which way will you choose to win the rewards of heaven?

Game Features

SUN & MOON BUTTONS

The Sun & Moon Buttons feature replaces the traditional spin button with a choice between two distinct betting paths – Sun or Moon. Each influences paylines, multipliers, and outcomes. You can only select one option per spin, with multipliers from the chosen symbol type summed and applied exclusively in that direction.

SUN SYMBOL

This symbol appears on all reels and can be stacked. It is active when you place the Sun bet. A win occurs if at least one Sun symbol appears anywhere on the reels. Each Sun symbol has a random multiplier from 0.1x to 1x of the total bet. Up to 20 Sun symbols can land at once. The multipliers are added together and applied to the bet, and any other line wins are also paid.

MOON SYMBOL

This symbol appears on all reels and can be stacked. The Moon feature is active when you place the Moon bet. You win if at least one Moon symbol lands anywhere on the reels. Each Moon symbol has a random multiplier from 0.1x to 1x of your total bet. Up to 20 Moon symbols can appear at once. The multipliers are added together and applied to your bet, and any other line wins are also paid.
