

THE KING: CRIMSON CROWN

A crown doesn't fall on just anyone's head. It waits and observes. Now, it's watching you!

Welcome to The King: Crimson Crown – an empire's fortune stacked in gold, 3 reels deep. Bells toll, wild sevens blaze, and coins carry the real power, landing only on reels one and three with multipliers fit for a monarch. Stand the Collector beside a coin, and Rex Energy stirs, sweeping every value straight into your win.

Land a Collector on the second reel at the same time as Coins on the first and third reels, and the gates open to the Bonus game. In other words, every reel needs at least one bonus symbol (a Coin or a Collector counts as one), and the Bonus game kicks off with those very symbols already in place. Or buy your way right into the Super Bonus game. Four jackpots wait behind. The GRAND pays 1000x.

The throne has been empty for far too long, so claim it!

Game Features

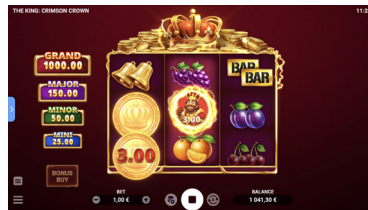

BONUS SYMBOLS

There are 2 types of Bonus symbols in the game, the Coin and the King Collector. The Coins have random multipliers of 1x, 2x, 3x, 5x, 7x and 10x, as well as fixed jackpots. The King Collector symbol can only appear on 2 reels. Two Coin symbols and one King Collector activate the Bonus game.

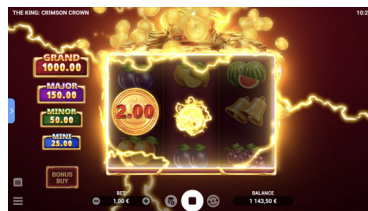

REX ENERGY

When at least one Coin and the King Collector symbol appears on the two reels in the main game, the Rex Energy feature is activated. During it, the King Collector symbol collects the values of all Coin symbols, including Mini, Minor, Major, and Grand Jackpots, and adds them to the winning spin.

COIN RUSH

The game can activate the Bonus game in any round of the main game, provided that there is at least one Bonus symbol on the reels. Before the start of the Bonus game, at least two random Coin and King Collector symbols are placed on any positions.

JACKPOTS

There are 4 fixed Jackpots in the game, which can be won only during the Bonus game:

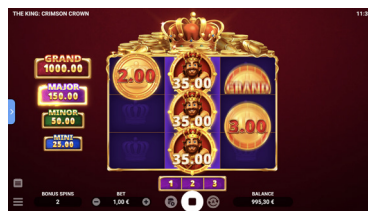

- GRAND awards 1000x bet;
- MAJOR awards 100x bet;
- MINOR awards 35x bet;
- MINI awards 20x bet.

MINI, MINOR, MAJOR, and GRAND Coin symbols give corresponding jackpots.

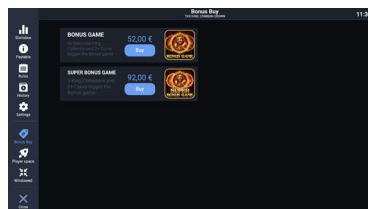

BONUS GAME

The Bonus game is activated when there is at least one Bonus symbol on each reel. It always starts with 3 spins, and each time a new Bonus symbol lands, the spins count resets back to 3. Regular symbols fade away, leaving only the Bonus symbols that triggered the feature. When the Bonus game ends, the sums from all the King Collector symbols will be added to the total amount. In this feature, you can win 4 jackpots.

BONUS BUY

The Bonus Buy feature allows you to purchase direct access to the Bonus game or Super Bonus game.
