Game Features

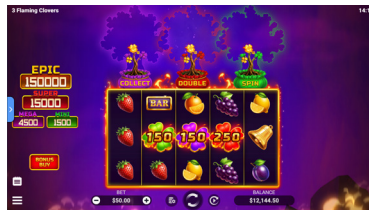

WILD SYMBOL

The Wild substitutes for all regular symbols in the winning combinations except Bonus symbols. It appears only on the 2-5 reels in the main game.

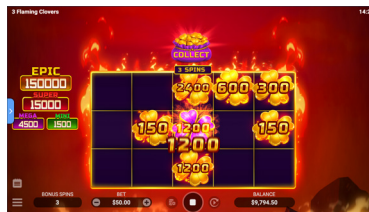

BONUS SYMBOLS

There are 4 types of Bonus symbols in the game: Red, Purple, Green, and Gold. All Bonus symbols contain either random values or fixed jackpots: Mini, Mega, or Super. In the main game, any Purple, Red, or Green Bonus symbol that lands on the reels can trigger the Bonus game with its respective booster.

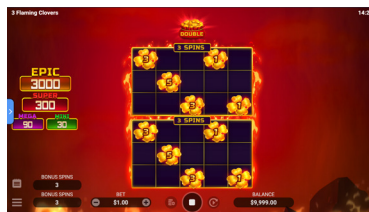

COLLECTOR

The Purple Bonus symbol is linked to the Purple Pot and the Collector booster, which adds a special symbol to the reels. This symbol collects values and jackpots from all Bonus symbols on the same game field and then transforms into a regular Bonus symbol.

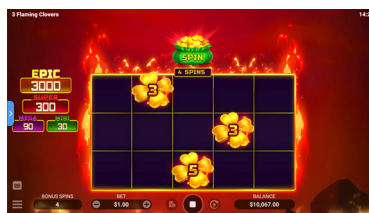

DOUBLE GAME

The Red Bonus symbol is linked to the red tree and the Double Game booster, which adds a game field at the start of the Bonus game. Both fields spin independently during the feature, and at the end, prizes from both fields are combined into the total win.

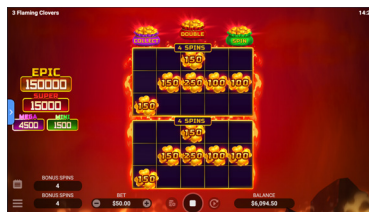

EXTRA SPIN

The Green Bonus symbol is linked to the green tree and the Extra Spin booster, which increases the number of spins in the Bonus game to 4.

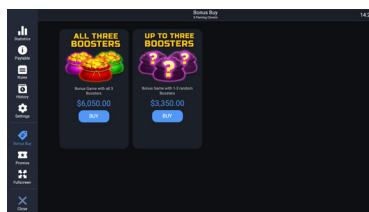

THE BONUS GAME WITH 3 BOOSTERS

The Bonus game can be triggered with one, two, or all three boosters simultaneously. During it, only Gold Bonus symbols and Collector can appear on the reels. Collect all 15 Gold Bonus symbols to win the Epic jackpot – or even two, if the Double Game booster is active.

BONUS BUY

The Bonus Buy feature allows you to purchase and instantly trigger the Bonus game with one, two, or all three boosters active. There's also an option that guarantees the Bonus game launches with all three boosters active simultaneously.
