

A vibrant banner for the '3 Super Volcanoes' slot game. It features three stylized volcanoes in blue, red, and green, each with a glowing yellow lava flow. The background is a fiery orange-red with floating gold coins and sparks. The title '3 SUPER VOLCANOES' is written in large, bold, yellow and red 3D letters. A blue button in the top right corner says 'BONUS BUY'.**BONUS BUY**

3 SUPER VOLCANO

The earth is shaking, the sky is glowing, and three colossal peaks are getting ready to blow. Welcome to 3 Super Volcanoes, a high-octane 4x3 slot where regular, quiet spins don't exist. The entire scenario builds towards one massive eruption: the Bonus Game. The true path to legendary wins lies in the coloured volcanic markers that activate 3 boosters: Extra, Multi, and Grow.

If you manage to fill the expanded grid with 20 symbols under the Grow booster, you will claim the monumental ULTIMATE Jackpot of x2000 your bet. And the Bonus Buy feature allows you to purchase your way into the eruption with up to all 3 boosters active at once.

Feel the heat and let the 3 Super Volcanoes forge your fortune!

3 SUPER VOLCANOES

Game Features

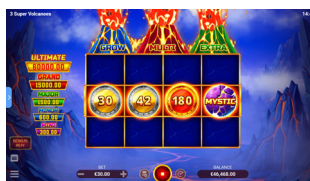

ONLY SPECIAL SYMBOLS

All symbols in the game are special: Bonus, Sticky Bonus, Jackpot Bonus, Mystic, Mystic Jackpot, and Collector. In the main game, landing 4 symbols of any type on the middle row triggers the Bonus Game. Prizes displayed on symbols are awarded only during the Bonus Game.

VOLCANO BOOSTERS

Each symbol may land with a Green, Red, or Blue marker. Each marker flies to the Volcano of the corresponding color. These markers can trigger the Bonus Game with the Extra, Multi, and Grow boosters activated, respectively.

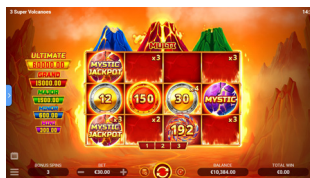

EXTRA

This booster increases the number of Bonus Game spins from 3 to 4.

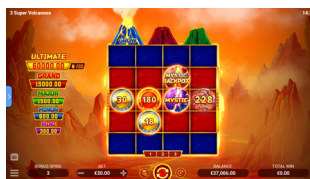

MULTI

This booster adds multipliers from x2 to x12 to random reel positions. Multipliers remain in place until the Bonus Game ends. At the end of the Bonus Game, all multipliers are applied to the values and jackpots in their respective positions.

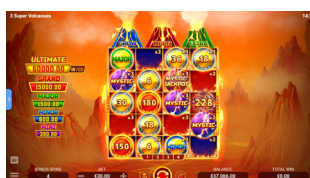

GROW

This booster expands the game field from 4x3 to 4x5 by adding two additional rows. The ULTIMATE Jackpot becomes available while the Grow booster is active.

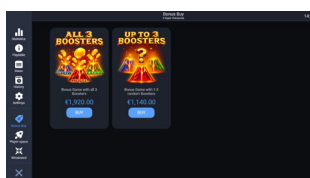

BONUS GAME

The Bonus Game always starts with one, two, or all three boosters active. Symbols with colored markers that land during the Bonus Game can activate additional boosters. The Bonus Game starts with 3 or 4 spins, and each new symbol resets the spin counter. All symbols remain on the reels until the Bonus Game ends.

BONUS BUY

The Bonus Buy feature allows you to purchase and instantly trigger the Bonus Game with one, two, or all three boosters active.
