

VALLEY OF DREAMS

During the sakura blossom in ancient Japan, the seven gods of fortune - Ebisu, Daikokuten, Bishamonten, Benzaiten, Jurōjin, Hotei, and Fukurokuju open the doors of their homes to curious players from around the world to offer a gift - the most valuable treasure in history.

Kind and generous, they bring good luck to gamblers by removing low paying symbols from the reels, allowing those who trigger winning combinations to savour the sweet taste of victory.

It's time to try and make your own luck with Valley of Dreams!

Game Features

SYMBOL REMOVAL BAR

Each winning combination of the low paying symbols removes the winning symbol from the reels completely. The Burnt Symbol Bar shows which symbols have been removed.

WIN MULTIPLIER

One section lights up for each drop. 5 drops activate x2 multiplier. If there are no further winning combinations, all sectors fade out and the multiplier resets to 1.

INCREASING MULTIPLIER IN FREE SPINS

The multiplier continues to increase until the end of the Free Spins game, but when the drops stop all sectors fade out, and the multiplier becomes inactive.
