

WESTERN REELS

WESTERN REELS

The first slot machines may have turned into museum exhibits a long time ago, but that doesn't mean you can't play on them! Offering a fresh take on the golden age of casino slots, we're delighted to introduce a new slot machine from our classic series, Western Reels.

Combining two immersive themes from the Wild West and steampunk, clouds of steam can rise from the reels at any moment and are followed by a welcome fountain of coins. With incredible graphics perfectly optimised for HD and across all mobile devices, the game's visuals are sure to transport you to a Vegas dreamland in no time.

Western Reels is a slot with 3 reels and 5 fixed paylines. Its main feature is a combination of empty symbols and the Wheel of Fortune. The aim is to ensure your spin ends aligned with the Wheel of Fortune, with 12 segments featuring Multipliers and Respins.

When 3 Scatter symbols appear on the reels – the Wheel of Fortune locks and the lights dim. But in return, you will get 10 Free Spins with an improved Wheel of Fortune.

In addition, the game’s wild symbols offer a winning combination for 3 Wilds paying x200, and can be increased on a multiplier by up to x8!

Game Features

WHEEL OF FORTUNE

Wheel of Fortune improves your winnings! There are 12 segments in the Wheel of Fortune. In the main game it includes Multipliers from x1 to x6 and +1 Spin segments.

RESPIN

The activation of a segment +1 SPIN triggers one Respin. It is a free round, during which new winning combinations can be produced. Segment +1 SPIN falls only in the main game

FREE SPINS

Appearance of 3 Scatter symbols on the winning lines activates 10 Free Spins. In Free Spins, the Wheel of Fortune contains segments with Multipliers from x2 to x8.
