

WOLF HIDING

Do you hear the howls of a wolf? Wolf Hiding, our newest game, is creeping up on you somewhere in the dark forest, where the night-charmed animal hides its secrets.

Appearing in various versions, the wolf unearths the mystery of nightfall, revealing the riches of the enigmatic wood, which can be found only in the moonlight. Wolf's guises can create a winning combination, multiplying a player's bet under cover of darkness.

The nocturnal animal cannot survive without the full moon, evoking its heart-chilling howl of loneliness and triggering the Full Moon feature that can result in bigger wins. The Mystery symbol allows you to clear the clouds, opening up the starry sky and more gaming opportunities.

With Wolf Hiding, you can experience the wolf's hunting instincts to capture its prey!

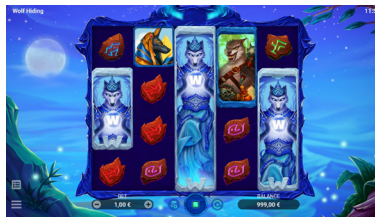

WOLF HIDING

Game Features

WILD SYMBOLS

Wild symbols can appear on any reel. They substitute all symbols, except Free Spins symbols.

FREE SPINS GAME

The Free Spins game is triggered when 3 or more Free Spins symbols appear anywhere on the screen. The 2nd and 4th reels are initially filled with Mystery symbols. During the Free Spins game, a multiplier is applied to all wins. The multiplier begins at 1x. Each time the Hidden feature is triggered, the multiplier is increased. The Free Spins game continues until there are no Mystery symbols on the reels.

MYSTERY SYMBOLS

Mystery symbols are grouped in stacks of 4 symbols and can land anywhere on the reels to trigger the Hidden feature. When the Hidden Feature is triggered, the Mystery symbols open and reveal regular, Wild, or Full Moon symbols.

FULL MOON FEATURE

The Full Moon feature is triggered when the Mystery symbol reveals the Full Moon symbol. Once triggered, each symbol position of the Mystery symbol will spin and land on either Coins symbols with a bet multiplier or Free Spins symbols. The bet multiplier for a Coins symbol ranges from x1 to 2500.
