

X-DEMON

Do you dare to resist a portal to a demon dimension? X-Demon - an ancient altar and a passage to inferno - is a source of unfathomable power that only the bravest of souls can hope to stand against it.

Stone statues built by ancestors protect the world from the invasion of demons. Players who are courageous enough to take up this mission must know - the reward is high yet the road ahead is dangerous. The game's mechanic is based on special symbols, appearing above reels, that decimate the evil forces, replacing them with Wild symbols. During the Free Spins game, players can score points for vanquishing monsters.

Hold out against the underworld - fight the deepest and darkest layers of the universe in X-Demon!

Game Features

WILD ATTACK FEATURE

Wild Attack symbols can appear only on the top row that is not part of the winlines.

If a Wild Attack symbol appears on the top row with a Demon symbol (high-paying symbol) directly below, the Demon will turn Wild. After that, winning combinations are formed.

Wild symbols substitute all symbols, except Bonus symbols.

BONUS SYMBOL

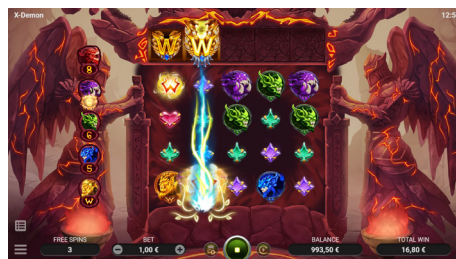

- 3 Bonus symbols trigger 8 Free Spins.
- 4 Bonus symbols trigger 10 Free Spins.
- 5 Bonus symbols trigger 12 Free Spins.

FREE SPINS

Each Demon has a collection counter in the Free Spins game. It shows how many Demons remain. If the Wild Attack feature appears on the top row with a Demon symbol directly below it during the Free Spins round, the Demon will turn Wild and the collections for the Demon will be reduced.

Once the Demon collection is completed, the Demon symbol will appear as a Golden Wild for the remainder of Free Spins.
